Re: Union of Needletrades, Industrial & Textile Employees, UNITE Campaign Committee;
I.D. # C00004861 - 12 Day Pre-General & 30 Day Post General Report Responses to
Inquiries

Dear Mr. Ng:

Enclosed are Amended Reports for the inquiries that you had made concerning our 12 Day
Pre-General & 30 Day Post-General Reports (See attached copies of the inquiry letters).

In addition, the question of our Schedule E not being reported as a 24 hour notice is erroneous.
The expenditure that was made was for "Clinton/Gore" election buttons were ordered on
September 30, 1996, hence not within two to twenty days before the election. The buttons
were not paid for until October 25, 1996. Therefore, the notice of improper filing regarding
this expenditure should not have been generated and it is requested that it be corrected in your
files.

If there should be any further questions or the need for more information regarding these
matters please feel free to contact Ira Bernknopf or our Auditing Department at (212) 354-2570
extension 331.

Thank you in advance for your time and cooperation in clearing up these matters.

Very truly yours

Arthur Loevy
Treasurer
